SOCIAL JUSTICE SEXUALITY (SJS) PROJECT

The Social Justice Sexuality (SJS) Project is one of the largest national surveys of Black, Latina/o, and Asian and Pacific Islander, and multiracial lesbian, gay, bisexual, and transgender (LGBT) people. With over 5,000 respondents, the final sample includes respondents from all 50 states; Washington, DC, and Puerto Rico; in rural and suburban areas, in addition to large urban areas; and from a variety of ages, racial/ethnic identities, sexual orientations, and gender identities.

The purpose of the **Social Justice Sexuality (SJS) Project** is to document and celebrate the experiences of lesbian, gay, bisexual and transgender (LGBT) people of color.
